2.35 Medical (General) History Section

[section: identifier urn:oid:2.16.840.1.113883.10.20.22.2.39 (open)]

Table 137: Medical (General) History Section Contexts

Contained By:	Contains:
Procedure Note (V3) (optional)	

The Medical History Section describes all aspects of the medical history of the patient even if not pertinent to the current procedure, and may include chief complaint, past medical history, social history, family history, surgical or procedure history, medication history, and other history information. The history may be limited to information pertinent to the current procedure or may be more comprehensive. The history may be reported as a collection of random clinical statements or it

may be reported categorically. Categorical report formats may be divided into multiple subsections including Past Medical History, Social History.
